

## Geko 201

The colorful Gekos are the smallest and lightest waterproof GPS units to hit the market. The Geko 201 is quite inexpensive and offers a sleek, thin design with simple operating system.

With its distinctive canopy-green case, the powerful Geko 201 allows more waypoint and route storage, as well as available PC and external power connectivity, and built-in WAAS capability. In addition, the Geko 201 boasts a user-configurable trip computer, 10,000 trackpoints, a new upcoming-turn feature, as well as PanTrack™ and TracBack®.
